

**Pastor Nelson,
Kenny, Hadasa,
Hernandez**

**The dog's name
is Maison :)**

Already God has blessed this church plant in amazing ways! Many ESL classes, relationships strengthened, Bible studies happening, favor in the community, baptism, families being served, and disciples being made! We are excited for the opportunity to reach even more disconnected people in this community with the good news of Jesus! Thank you for your support and prayers!

Iglesia Cristo Mi Salvador

**Church Planting
Mission Opportunity**

Christ my Savior is a church plant reaching a primarily Hispanic/Latino community just outside Houston, Texas. This community is a development with over 40,000 people presently living in it with plans to increase to a total of 200,000 people in the future!

There are few to almost no churches serving this community.

The Dwelling Church along with partner churches have been providing financial support to Pastor Nelson to reach into this community as the planting missionaries.

One significant limitation has been the fact Pastor Nelson lives 40 minutes away from the community.

We sense the Lord is leading us to establish a physical presence in the community for the mission to expand! Our goals are threefold:

STEP 1

House for Missionary

Present goal \$140,000

STEP 2

Ministry Center for Small Group Community Use

Future goal \$100,000

STEP 3

Soccer Fields and Permanent Community Center/Church

Future goal \$2,000,000

1. Using a small track of free property from the developer, The Dwelling and partners will purchase a double wide home to be placed as a parsonage for Pastor Nelson and his family.

2. On this same property, we will purchase and place a small portable ministry center to be used for mission work within the community. This space would be used for ESL classes, Bible studies, and other community opportunities.

3. With help from the developer, we will acquire an additional 5 to 10 acres of land to be used as soccer fields and to build a physical church presence. Initially we will move the ministry center from the smaller lot above to this larger property to be used as the larger facilities are built.
